SUFFRAGE

For Women Overwhelmingly
Defeated at the New
Jersey Election

FEW COUNTIES FA-
VORED IT

No Constitutional Amend-
ment Again for Five Years

WOMEN NOT DISCOURAGED

But Profess to Be Pleased
With the Number of Fa-
vorable Votes Cast, While
Antis Predict That the Is-
sue Will Pass Into Ob-
livion for Many Years to
Come.

(ASSOCIATED PRESS TELEGRAM)
Jersey City, N. J., Oct. 20.—The
big majority which New Jersey rolled
up against woman suffrage grew
today with the steady dribble of be-
lated returns. Figures still incom-
plete presaged a verdict against
"Votes for Women" of not less than
55,000 majority out of approxi-
mately 370,000 votes cast at yester-
day's special election.

All of the twenty-one counties in
the state, apparently only the fisher
folk of Ocean, honored the women
with a majority and in that rather
sparsely settled country, suffrage
triumphed by a scant 200 votes.

Notwithstanding the tremendous
majority against suffrage—greater
even than that of the landslide that
carried Woodrow Wilson into office
as governor in 1910—women work-
ers for the cause said today that far
from being dismayed, they were
fired with greater zeal than ever.
Before the last of their heavy-eyed
watchers had filed her disheartening
story, plans were already under way
to stir the state with a campaign
which, if successful, would give wo-
men the vote in selecting presiden-
tial electors next spring.

Two weeks yet remain before the
general election at which will be
elected the entire membership of
the lower house of the legislature and
one-third of the senate. A canvass
of all candidates for the legislature
with a view of branding them as for
or against woman suffrage will be
determined on at once, it was
thought. By pledging a majority of
the candidates to give them the bal-
lot in voting for presidential electors,
it was believed that the adoption by
the legislature of a resolution to
this effect could be secured. Suff-
rage workers claim that the legisla-
ture has the power to say who shall
vote for presidential electors.

The suffrage leaders were not
greatly surprised at the result. On
the contrary they seemed today to be
pleased with the fact that more than
130,000 voters in the state are on
record as favoring their cause. The
anti-suffragists profess to see in yester-
day's result a settlement for years
to come of the agitation for woman
suffrage in New Jersey.

Under the state constitution as it
stands today, the suffrage amend-
ment cannot be again placed before
the electorate for five years.

STRIKERS' RANKS REMAIN UNBROKEN AT SCHENECTADY

(ASSOCIATED PRESS TELEGRAM)
Schenectady, N. Y., Oct. 20.—The
ranks of the strikers at the local
plant of the General Electric com-
pany remained virtually unbroken
today in spite of the fact that com-
pany officials had announced that
employees who did not return to their
places this afternoon would sever
all connection with the company.

More than 2000 pickets, the larg-
est number that has been on duty
since the beginning of the strike
were drawn up near the main gate,
the only entrance that was open.
While there was considerable disor-
der there was no violence.

Many persons tried to enter the
shops but it was estimated that less
than fifty succeeded in passing the
picket lines. So far as could be
learned today, the company has
made no move to fill the places of
the 13,000 employees who struck for
an eight-hour day.

EMPLOYEES CALLED
ON STRIKE TODAY
OFF WORK FOR CITY.

(ASSOCIATED PRESS TELEGRAM)
Cleveland, Oct. 20.—Two hundred
employees of the F. W. Marks Con-
struction Co., building a new pump-
ing station for the city, were called
out on strike today by agents of the
Building Trades Council. At the
same time fifty men employed in
building a new market house on
Euclid avenue and more than 100
men working on an eight-story build-
ing for the Fisher Brothers com-
pany, were called out. The strike
of the Marks company employees was
the result, union agents say, of un-
fair methods.

GREEKS AT KING'S PALACE DEMANDING WAR

Premier Eleutherios Venizelos, who has just resigned. Prince Nicholas, commander of the army.

This photograph shows a section
of an enormous crowd of Greeks in
front of the National Palace in
Athens, just before the order for
the mobilization of the army. King
Constantin, who was reared in Ger-
many and was trained in the Ger-
man army, signed the order only
after a long argument with the
premier, following the mobilization
of the Bulgarian army. The action
of the premier in permitting the al-
lies to land troops at Saloniki with-
out a formal protest was sustained
by parliament, but the king dis-
agreed with Venizelos, and his resig-
nation followed. Later all the mem-
bers of the cabinet quit. Prince
Nicholas is now in charge of the
Greek troops mobilized near the
forces of the allies at Saloniki.

Pleas of Guilty Entered By Defendants In Moonshiners Case, Cause of Much Surprise

(ASSOCIATED PRESS TELEGRAM)
Fort Smith, Ark., Oct. 20.—Seven
men on trial charged with conspira-
cy to defraud the government in the
manufacture of moonshine whiskey,
pleaded guilty in the United States
district court here today. Sentence
will be passed tomorrow.

The case against Fred Bowels of
Fort Smith the eighth defendant,
was dismissed. The cases against
the defendants went to trial yester-
day and their action today was a sur-
prise.

Those who pleaded guilty were:
John L. Casper, Kansas City, alleged
head of the conspiracy.

George Hartman, Kansas City, em-
ployee of Casper.

Charles Brewster, Kansas City,
ple of Casper.

J. Henry Brown, Harrison, Ark.,
formerly a government gauger.

John Farrabee, Kansas City, em-
ployee of Casper.

S. L. Williams, Winston, N. C.,
former revenue agent, who resigned
from the government service to enter
business with Casper.

John Coffey, Fort Smith.
The indictment under which the
men were placed on trial yesterday

contained thirty-three counts. It
charged the defendants with carry-
ing on a business of distilling at
Fort Smith, with intent to defraud
the United States government of the
tax imposed on distilled spirits. The
first thirty counts set forth the dates
the illicit liquor was distilled. Fail-
ure to register distilling equipment
and removal of the illegal product
to places that were not bonded ware-
houses.

All the defendants whose pleas
were entered today, admitted guilt
to these counts. The three last
counts in the indictment charged the
defendants had in their possession
cancelled internal revenue stamps.
Casper alone pleaded guilty to these
counts.

The remainder of the twenty or
more defendants alleged to have
been involved in the conspiracy
through which the government is
said to have lost thousands of dol-
lars in revenue, and who are under
indictment will be placed on trial in
January, it was announced. They
included Knox Booth, of Nashville,
Tenn., former superintendent of the
Tennessee revenue division of the
government's service.

state authorities when the animals
are found to be suffering from
tuberculosis. It was expected the
committee's recommendation that
the maximum to be \$100 would be
adopted.

T. P. Riddle of Lima, business
manager of the Corn Boys' Special
trip to Washington, reported he had
made arrangements for President
Wilson to receive the Ohio party
early in the afternoon of Wednesday,
December 1, in the East Room of
the White House. About 1250 boys
and girls are expected to take the
trip, he said, as compared with 1037
last year.

Representative W. S. Hoy, repre-
sentative from Jackson county, asked
the board to take the ladies' concert
band of Wellston, on the trip. Claude
E. Brooks, leader of the band, also
made the same appeal to the board.

URGE WILSON TO CALL CONFERENCE NEUTRAL NATIONS

(ASSOCIATED PRESS TELEGRAM)
Washington, Oct. 20.—Dr. David
Starr Jordan, president of Leland
Stanford University, will see Presi-
dent Wilson November 12 to present
to him resolutions adopted recently
at the International peace congress
in San Francisco urging that a con-
ference of neutrals be called to at-
tempt to end the European war. To
similar proposals, the president has
expressed the belief that the time
was not auspicious for making fur-
ther peace proposals.

CABINET TOO UNWIELDY

Is Contended By Some
Newspapers—Sir Edward
Carson Expected to Give
Reasons for His Resigna-
tion—Successor to Ian
Hamilton Is Popular and
Aggressive.

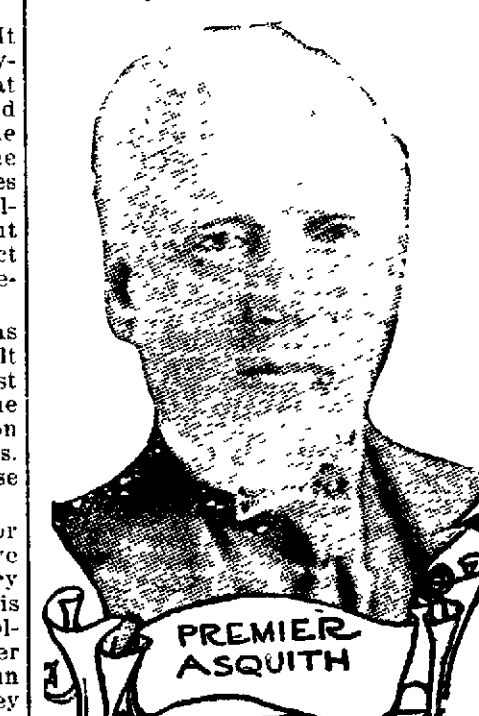

(ASSOCIATED PRESS TELEGRAM)
London, Oct. 20.—The condition
of Premier Asquith who was sudden-
ly taken ill yesterday was described
by his physicians at noon today as
satisfactory. The following bulletin
was given out:

"The prime minister passed a sat-
isfactory night. His condition im-
proved. He will be confined to his
room all day."

(ASSOCIATED PRESS TELEGRAM)
London, Oct. 20.—Premier As-
quith's illness has had the effect of
producing a greater air of calm in
political circles than would other-
wise have attended the resignation
of Sir Edward Carson from the at-
torney generalship, and from present
appearances there will be no more
resignations from the cabinet.

It is quite likely that Premier As-
quith's absence will be extended to
nine or ten days and this enforced
cessation of political passions is ex-
pected to give time for the reconcil-
iation of the differences. It seems
that Sir Edward Carson had intend-
ed to make public a statement yester-
day, but the premier's illness re-
sulted in Sir Edwards deciding to
postpone it until Mr. Asquith's re-
turn to the house of commons.

There are many conflicting state-
ments current concerning the real
reason for Sir Edward's resignation.
The Daily Mail affirms that it had

nothing to do with the question of
compulsory service. The Chronicle
is firmly convinced it says, that it
was because of the cabinet's needless
delays in arriving at a decision in
favor of compulsory service. The
Times says that his resignation was
more directly concerned with the
eastern war than with recruiting and
adds:

"When Sir Edward Carson comes
to define his position in public it
will probably be found that his main
objection to remaining in the cabi-
net is the profound conviction that
the present machinery of government
is incapable of waging war success-
fully. With the best intentions in
the world, a cabinet of twenty-two
members, meeting irregularly for
discussion, is virtually debarrad from
rapid judgment and energetic action."

This complaint regarding the un-
wieldiness of cabinet for war pur-
poses is echoed by the Morning Post,
which says editorially:

"The whole thing is rotten and
the best men in the country should
unite to make an end of it."

Many other papers advocate a
smaller cabinet, and it is said that
when a successor to Sir Edward Car-
son is appointed, he probably will no
longer hold cabinet rank. It is gen-
erally believed, though not yet ac-
tually settled, that Sir Frederick
Smith, solicitor general will succeed
Sir Edward Carson.

The uneasiness regarding the Dar-
danelles operations has been increas-
ed by the explanation by Harold J.
Tennant, parliamentary under-secre-
tary of war, in parliament yesterday,
that the recently announced figures
showing nearly 47,000 casualties at
the Dardanelles do not include the
sick. In this connection, the Daily
News prints a rumor that General
Sir Ian Hamilton, recently relieved
as commander of the British land

GENERAL CARRANZA

President Declares Embargo Upon Shipment of Arms To Carranza's Enemies In Mexico

(ASSOCIATED PRESS TELEGRAM)
Washington, Oct. 20.—President
Wilson today declared an embargo
on the shipment of arms and am-
munition to Mexico.

President Wilson signed a supple-
mentary order, however, which ex-
cepts General Carranza's govern-
ment from the embargo and permits
munitions to go through to him un-
hindered. The prohibition applies
to the factions opposed to the gov-
ernment which the United States
has recognized.

The president's proclamation is
based on the authority conferred by
congress in 1912 and follows closely
the terms of President Taft's pro-
clamation issued when the revolution
was against Madero.

Mexican revolutionary elements
here, friendly to General Venustiano
Carranza were today celebrating his
recognition by the United States and
other Latin-American republics as
the chief executive of the de facto
government in Mexico. It was the
goal for which the various factions
had striven for almost three years.
The first chief's friends here regard
the action as a triumph of Pan-
American policy. They claim that
his recognition means the restora-
tion of peace and normal conditions
within the southern republic in a
short time. Eliseo Arredondo, per-
sonal representative here of Gener-
al Carranza was preparing today to
leave for Saltillo, Mexico, where he
will personally convey to General
Carranza letters of recognition from
the governments of the United

States and the South and Central
American republics.

Congratulations were being re-
ceived by Mr. Arredondo at the Mex-
ican embassy over the extension of
recognition.

Mr. Arredondo was the proud
possessor today of a letter from Sec-
retary of State Lansing, formally
notifying him of Carranza's recogni-
tion and expressing an intention to
accredit an ambassador to Mexico
soon. It virtually had been decided
today to name Henry P. Fletcher,
now ambassador to Chile, for the
new diplomatic post.

CIVILIAN POSSES

And 1,000 U. S. Troops Search for
Mexican Train Wreckers.

(ASSOCIATED PRESS TELEGRAM)
Brownsville, Tex., Oct. 20.—Poses
of civilians and about 1,000 United
States troops today continued to pa-
trol the border and search for Mexi-
cans suspected of taking part in the
wrecking and robbing of a St. Louis,
Brownsville and Mexico train.

The killing of ten Mexicans cap-
tured by posses yesterday failed to
allay apprehension of further trouble
as none of the posses claimed to have
captured any of the bandit leaders.
According to information from the
posses, no trace of Luis de La Rosa,
the head of all the bandits has been
found since he left the wrecked
train. He and Ancito Pizano, another
leader, have managed to disappear
completely after each raid and have
remained in hiding until public vigi-
lance relaxed.

EARLY DATE

SET FOR REPORT OF LIQUOR
LICENSE COMMISSIONERS,
NEXT SATURDAY.

Willis Wishes It Understood He Is
Not Catering to Influence of the
Saloon Element.

(ASSOCIATED PRESS TELEGRAM)
Columbus, Oct. 20.—County
license commissioners today were in-
structed they must announce names
of all successful applicants for new
saloon licenses or renewals by Sat-
urday, Oct. 23.

Governor Willis and State Liquor
Commissioners, who drafted the or-
der to the county boards, made plain
that their purpose in setting October
23, is to free the administration
from the charge, that the licensing
power was being used to control the
political influence of saloonists.

Gov. Willis late today was to hear
charges against Byron M. Clenden-
ning, Democratic state commissioner,
alleged to have taken active part in
the referendum to knock out the
new McDermott liquor law which
would abolish state and county
boards.

Clendenning today said he will not
deny activity in the referendum but
will contend it is the right of any
citizen, official or private, to partici-
pate in I. and R. activities.

Clendenning will be represented
by Former Attorney General T. S.
Hogan and his former assistant,
James Boulger. A O. Dickey has
been appointed by Attorney General
Turner to prosecute the charges,
which are based on an opinion by
Turner to the effect that active par-
ticipation in the referendum by a
state or county license official con-
stitutes misconduct in office and ne-
glect of duty.

carry the case to the supreme court
if Gov. Willis upholds his own
charges and removes him from office
for promoting the referendum move-
ment against the McDermott license
law. Former Attorney General T. S.
Hogan, who represented Mr. Clenden-
ning argued that the commission-
er had ample personal right to par-
ticipate in the referendum move-
ment without abusing his official au-
thority.

The governor's attitude, was that
this constituted a breach of official
privilege.

In defense of Mr. Clendenning's
attitude it was reported attempt
would be made to show that other
state officials appointed by Gov. Wil-
lis have taken part in the referen-
dum on the Sprague congressional
redistricting law.

HIT BY TRAIN, MAN IS CARRIED 100 FT. ON PILOT

Mt. Vernon, Oct. 20.—Harry Mc-
Feeters, employee of the Mt. Vernon
Bridge company, was struck by B. &
O. train No. 4 near the Gambier
street crossing at noon Tuesday and
was carried more than 100 feet on
the pilot of the engine before it was
brought to a stop. McFeeters suf-
fered serious injuries. Conductor J.
H. Moore of Newark, in charge of
the train, was the first to reach the
injured man as he rolled from the
pilot when the train stopped. Mc-
Feeters and several companions were
using the right of way as a thorough-
fare on their way from the bridge
plant to dinner.

RUSSIA DECLARES WAR ON BULGARIA.

(ASSOCIATED PRESS TELEGRAM)
Petrograd, Oct. 20.—(Via Lon-
don).—An imperial manifesto de-
claring war against Bulgaria appear-
ing today under date of October 18.
It was accompanied by a communi-
cation reviewing the friendly serv-
ices of Russia from Bulgaria in the
past, and pointing out the treachery
of King Ferdinand.

ALLIES' HOPE FOR ITALY

Increases, That She Yet

Campaign Since Her Dec-
laration of War Against
Bulgaria—Reinforcements
for Germans In the West
Have Arrived.

(ASSOCIATED PRESS TELEGRAM)
London, Oct. 20.—Latest reports
from the near East indicate that Ser-
bia is in deadly danger of being
overwhelmed by the armies of her
neighbors. No less than eight Bul-
garian forces have crossed into Ser-
bian territory.

The Austro-German forces are ad-
vancing slowly but steadily, their lat-
est claim being that a junction has
been effected to the west of Seman-
dria. The railroad between Nish and
Saloniki has been cut by the Bulgari-
ans, sweeping over the frontier in
superior numbers. No news has
been received of the movements of
the Anglo-French army although it
is known to have been in action as
the arrival of French wounded at
Saloniki has been reported.

Italy's declaration of war against
Bulgaria increases the hopes of her
allies that she will join in the Bal-
kan campaign, but what form her
assistance will take has not been in-
dicated definitely.

Russia, the first of the allied pow-
ers to present an ultimatum to Bul-
garia, now finds herself alone in not
having issued a formal declaration
of war against her former protegee.

Along the eastern front activity is
confined to the two tips of the long
battle line. The Germans are press-
ing their offensive in the northern
area, near Riga, while General Ivan-
off claims several successes for his
Russian army in Galicia.

Reports from the entente allies on
the western front indicate that the
Germans have been reinforced heav-
ily and are showing a disposition to
assume the offensive. Field Marshal
French announces the complete re-
pulse north of Loos of Germans who
made an attack after heavy artillery
preparations.

Paris reports that east of Neuville
the Germans made a fierce attack on
a large scale occupying several
French trenches. The illness of Pre-
mier Asquith has brought a full in
political activity and the crisis which
many persons expected would devel-
op in the cabinet this week is less
likely to occur until the premier is
able to appear in the House of Com-
mons. At that time Sir Edward Car-
son may give a public explanation of
his resignation of the attorney gener-
ality.

British submarines, now reported
to have been reinforced by Russian
craft, continue to inflict severe losses
on German shipping in the Baltic
sea. A Copenhagen newspaper as-
serts that eight steamships have
been the prey of submarines since
Monday.

EXTRA SESSION TO PREVENT STRIKES WITHOUT NOTICE

(ASSOCIATED PRESS TELEGRAM)
Columbus, Oct. 20.—Governor
Willis was asked today to call a
special session of the legislature to
enact a law to prevent strikes with-
out 30 days' notice to employers.
The governor said he would consid-
er the proposal. It was said at his
office he would not look with favor
on calling a special session for that
purpose.

Matt Glaser of Cincinnati, chair-
man of the "no strike" or industrial
peace association, made the proposal
to the governor.

GRAND LODGE OF OHIO MASONS IS MEETING AT DAYTON.

(ASSOCIATED PRESS TELEGRAM)
Dayton, O., Oct. 20.—The grand
lodge convocation of Ohio Masons
opened today with almost 1000 rep-
resentatives present. The morning
session was taken up largely with
organization work. Grand Master
George L. Marshall, of Dayton, is
presiding over the sessions. He will
be succeeded in office by Frank Mar-
quis, of Mansfield. This afternoon
the Masons all went to Springfield
to attend the dedication of the grand
and girls' dormitories in the new
high school building.

IN FIVE MINUTES NO SICK STOMACH, INDIGESTION, GAS

"PAPE'S DIAPEPSIN" IS THE
QUICKEST AND SUREST
STOMACH RELIEF.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach, headache, you can surely get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin. Then you will understand why digestive troubles of all kinds must go, and why it relieves, sour, out-of-order stomachs or indigestion in five minutes.

"Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gas, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

ILLNESS

(Continued from Page 1.)

forces at the Dardanelles already has arrived in England.

The newspapers continue to laud the appointment of Major General Sir Charles Carmichael Monro, as successor to General Sir Ian Hamilton.

Major General Monro's rise has been perhaps more rapid than that of any other high officer in the British army during the present war. At the outbreak of hostilities he was merely an officer of the militia force. Today as a commander-in-chief he is entrusted with the most difficult and dangerous task ever undertaken by British arms. He is comparatively young for such a high command, being only 55 years of age.

In appearance, Major General Monro belongs to the Scotch type—sturdy of frame and strong of jaw. As a soldier his chief characteristics, according to one newspaper critic, are instant judgment, unlimited receptiveness to ideas, imperturbability, and popularity with the rank and file.

He went to France in August, 1914, in command of the second division of London territorials. He distinguished himself in the retreat to the Marne, and in the Aisne fighting. He won rapid promotion to the command of an army corps and a few months ago became commander of an army.

The feelings and temper of the British public are thus portrayed in this week's issue of Truth:

"The last week in London has been one of the most harrowing we have gone through since the war began. Not only has the military situation on the continent developed new causes for alarm; not only have Zeppelins dropped their bombs close to our doors; not only have the croakers croaked more vociferously and confidently than ever before but we have been threatened with an acute cabinet crisis and we have seen the ugly portent of the resignation of the French foreign minister.

"At times like these one envies the soldiers in the trenches, held together and braced to heroic sacrifices by the presence of the enemy blessedly ignorant of the quakings and squealings at home and the wrangling over the best method of making war. The longer the war lasts the more contemptible creature the non-combatant seems to grow."

"We are in a hole," says the military correspondent of the Evening Standard, commenting on the present situation.

"It is not the first time we have been in a hole, for it was touched and go at Cambrai, and Landrecies on August 26, 1914, and again in Flanders a year ago, but we did not know it then. This time we do know it."

"We have lost faith in the ability of our statesmen and in the strategic conduct of the war and in the will-

KINDS OF RHEUMATISM

In popular language the word rheumatism is a term that covers a multitude of ills of which pain is the chief symptom. Arterial rheumatism, inflammatory rheumatism and rheumatic fever are all names for the same disease. Muscular rheumatism affects the muscles and does not spread from one spot to another like inflammatory rheumatism. Lumbago is a form of muscular rheumatism.

Some people have rheumatism every winter especially those people who inherit a rheumatic tendency. They will continue to have recurring attacks until the blood is built up to a strength sufficient to overcome the rheumatic poison. External applications and drugs that simply relieve the pain are useless. Dr. Williams' Pink Pills build up the blood and really correct the trouble.

With the poisons in the blood there is a continual combat between the health forces and the disease. When the rheumatic poison prevails the blood gets thin rapidly. When the blood is made rich and red by Dr. Williams' Pink Pills the poisons are destroyed and expelled.

The free booklet "Linking Up the Blood" tells the whole story and the diet book "What to Eat" will be sent on request by the Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.

ingness of the people to support the war; three or four very serious questions now exercise the minds of politicians and public alike, and threaten to wreck the government. In France the best known minister has resigned; in Russia public opinion is badly shaken. * * * Four great powers are full of good will toward one another, but each is a law unto itself.

"On the enemy's side we find unity of purpose, singleness of control, and constant willingness to sacrifice everything and take all risks. The Germans have been held up here and repulsed there, but they can claim that, whereas they have never been badly beaten anywhere since the battle of the Marne, they have added Poland to their conquests and threaten to overrun Serbia."

The writer goes on to argue that the only way for Great Britain to meet the situation is to cease attacks on her statesmen and face the facts with quiet determination bearing in mind that if England is suffering Germany is suffering more, and that on the fronts which matter most, they (the Germans) are doing no more than "holding their own," and are now unable to increase their forces in the field and soon will be unable to maintain them.

CONTRACT AWARDED FOR FURNISHINGS OF ARCADE HOTEL.

Mr. Jesse Walters, proprietor of the Arcade Hotel, is now furnishing the thirty new additional rooms which have been added to the hotel. These rooms now bring the hotel out to West Main street, occupying what is now known as the Fulton block.

Each of the new rooms is furnished exactly alike. The rugs are of an extra fine quality or seamless axminster and the hangings are of fine colonial nets in beautiful small Persian designs. In the halls there will be hall runners are used.

The local firm of Meyer & Lindorf has been awarded the contract for all these furnishings.

A Message To Thin Weak Scrawny Folks

An Easy Way to Gain 10 to 30
Pounds of Solid, Healthy Per-
manent Flesh.

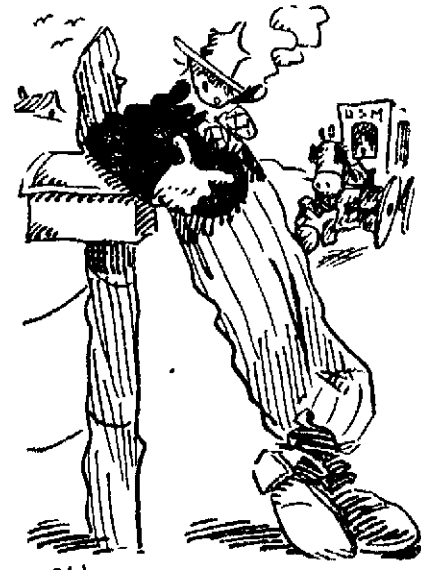

Thin, nervous, undeveloped men and women everywhere are heard to say, "I can't understand why I do not get fat. I eat plenty of good nourishing food. The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste."

What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up.

The thin person's body is like a dry sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of the alimentary canal to take them from the food. A splendid way of working to overcome this sinful waste of flesh building elements and to stop the leakage of fats is to try Sargol, the famous flesh building agent that has been so widely sold in America in recent years. Take a little Sargol tablet with every meal and see if your cheeks don't quickly fill out and rolls of firm, healthy flesh form over your body, covering each bony angle and projecting point. Evans' Drug Co., and W. A. Erman, 39 N. Third street, and other good druggists have Sargol or can get it from their wholesaler, and will refund your money if you are not satisfied with the gain in weight it produces, as stated on the guarantee in each large package. It is inexpensive, easy to take and highly efficient.

NOTE—Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported, care should be taken about using it unless a gain of weight is desired.

ABE MARTIN

Some letters are opposed to "ever," saying they can't run. "I'll bet th' laundries miss th' ole 'Palmy' days."

John Keifer and Thomas Murphy were fishing yesterday along the banks of the Watokomika near Frazzysburg, in the vicinity of the spot where Mr. and Mrs. Keifer landed two large muskellunge several days ago. Mr. Murphy some years ago was known as one of the best piscatorial sportsmen in the county, while his fishing companion is an acknowledged past master in the art. In addition to landing a number of small fry the two local rod and reel experts landed a muskellunge which tipped the scales at five pounds and a black bass which weighed two and a half pounds.

WAVE OF MEN'S FINAL CHARGE IRRESISTIBLE

TYPICAL RUSH OF FRENCH SOLD-
IERS DASHED ONWARD FOR
FIVE MILES

Over Champagne Field Which is Now
Studded With Graves of Friends
and Foes.

(ASSOCIATED PRESS TELEGRAM)

Paris, Oct. 20.—We took everything to the edge of the horizon the first day," said an officer standing on the first-line French trench whence a wave of men fifteen miles long rose on the morning of September 25 and dashed on from one to five miles before the tidal rush of soldiery was stopped.

The correspondent in his first view of the field of the great battle in the Champagne looked across a rolling land whose thin soil was studded with graves and thickly sprinkled with dwarf pines which stood out against the almost snow white system of chalk-like redoubts, trenches, traverses, communication ditches and other defensive constructions by which German military science had in vain sought impregnability. The population was meagre in this camp of Chalons, where the French army had fought to regain the old review ground which for a year has been the theatre of relentless sap warfare. Only the village of Perthes, whose slight cluster of houses have typical ruins through shell fire, was in sight from the spot.

Walking over the course of the French advance, the correspondent witnessed the results of the most powerful defense against the most powerful attack of the war. The famous hills, the butte of Tahure, the occupation of which clinched the French success, resembled a small wooded hill in an eastern American state. Shells were seen bursting at a distance over the railroad at Somme-Bay. Thus this important German transport line has been cut or destroyed by French gun-fire, rendering the railroad useless.

The prodigious labor done by the French before the attack is indicated by the transport road ten miles long, and a winding communication ditch six feet deep, six feet broad and five miles long which they had cut through chalk of the consistency of soft stone to enable them to move rapidly under the cover of their shell fire for the assault. Though this was three weeks and more after the battle, the ground was still strewn with German shells and hand grenades that had not exploded, and French soldiers were yet gathering and sorting piles of German accoutrements and other war materials.

Judge Fulton Gives Suspended
Sentence to One Prisoner Who
Pleaded Guilty.

In the case of the State of Ohio vs. Earl Rine, charged with cutting Carlos Miller of Goshen, O., in September, the defendant changed his plea of not guilty to assault and battery. Judge Fulton then sentenced him to jail for a period of six months and fined him \$200, suspending the sentence during his good behavior and a promise to pay the costs of prosecution within a period of four months.

Executor Appointed.
The will of Andrew Hulshizer, late of Utica, O., was admitted to probate today and William M. Hulshizer was appointed executor. Bond, \$10,000.

Marriage Licenses.

Answer and Cross-Petition.
An answer and cross-petition has been filed by the defendant in the case of William Vogelmeier vs. Margaret Vogelmeier. The latter admits the marriage but enters a denial of every other allegation in the petition of plaintiff. Her answer and cross-petition were filed in probate court today. She alleges in the answer that plaintiff knew that she had been previously married and that her husband was dead and that she was the mother of two children; that on the day that he filed his petition in court asking for a divorce he came directly to Springfield and

The Right Start in Music

YOU should be as
careful in the se-
lection of the piano

as in the selection of the music teacher. Both are important considerations. Not only does a cheap piano, like an incompetent teacher, give the beginner false ideas and a poor start in music, but it discourages this great study as well. Faulty ideas of tone and touch are drawbacks which the student will do well to avoid.

Crown Pianos

are built for *tone, touch, beauty and durability*. They are, first of all, musically correct. The scale is perfectly balanced; the tone full, round and rich. It remains pure under the softest pianissimo and the crashing forte. It is sweet and resonant. The action is sensitive and so finely adjusted and regulated that it responds instantly to all demands made upon it. As one lightly touches the keys, a feeling of confidence and mastery is instilled—so much so that the trained musician is led to exclaim, "Here is a real piano."

Crown Pianos are made in many artistic designs and from beautifully finished, strikingly

marked woods—the best that money can buy. Neither money nor effort has been spared to make the beauty of Crown Pianos worthy of their excellent musical qualities. Their very appearance suggests refinement and culture.

The greatest evidence of durability is the proof of what has occurred. Crown Pianos have been made for more than thirty years. Almost daily we hear favorably from satisfied owners who have received from them ten, fifteen, twenty years and more of service. There is no higher endorsement than the word of a satisfied customer.

Mrs. Joseph Conrad has been called to Pittsburgh, for which city she will leave Thursday morning, by the serious illness of her son, Arthur Conrad, an employee of the Pennsylvania road, who has suffered a breakdown physically.

Mrs. Merrill Sweetser was removed from the Sanitarium to her home 179 Wilson street in the Criss Bros' ambulance.

Mrs. Harriet Wilson was removed today in the Bazler ambulance from the City Hospital to her home at 954 North Fourth street, having undergone a successful operation at that institution.

Lung Trouble Yielded to This Medicine

If you are suffering with serious lung trouble, it will pay to fully investigate Eckman's Alternative, a remedy which has caused many recoveries. One follows:

"3523 Grand Ave., Phila., Pa. 'Genesee'—In the winter of 1903 I had an attack of grippe, followed by pneumonia, and later by Lung Trouble. In the winter of 1904 I had cough, night sweats, fever and raised quantities of awful-looking stuff, and later I had many hemorrhages, at one time three in three successive days. Three physicians treated me. I was ordered to the mountains, but did not go. Eckman's Alternative was recommended by a friend. After taking a small quantity I had the first quiet night's sleep for weeks. My improvement was marked from the first. I gained strength and weight and appetite. I never had another hemorrhage and my cough gradually lessened until entirely gone. I am perfectly well." (Abbreviated.)

(Admitted.) ANNE F. LOUGHRAN, Eckman's Alternative is most efficacious in bronchial catarrh and severe throat and lung affections and up-building the system. Contains no harmful or habit-forming drugs. Accept no substitute. Small size, \$1; regular size, \$2. Sold by leading druggists. Write for booklet of recoveries. Eckman Laboratory, Philadelphia.

Your Business Problems

A MAN starts in business solely for the income that business is going to yield—not for the purpose of giving any bank more business.

But the business man of good judgment and foresight will permit nothing to influence his selecting of a bank that is big enough and broad enough to give him the assistance he requires in solving his problems.

Perhaps that is why this bank is usually chosen.

NEWARK HIGH HAS TASK CUT OUT IN SATURDAY'S GAME

Newark High has her work cut out for her in the game here Saturday with Mt. Vernon High. The game will be played at White Athletic field, starting at 2:30 o'clock.

Both teams in Saturday's game have met Mansfield. Mt. Vernon defeated Mansfield by a score of 14 to 7 while Mansfield defeated Newark last Saturday by a score of 44 to 7.

Newark had the disadvantage of not having had previous games in which to try out the results of the training given the practically new team. Two games scheduled with Newark by other teams were cancelled by the opposition, Newark losing the opportunity for valuable experience.

The friendly rivalry between Newark and Mt. Vernon in all inter-scholastic events, will be just as strong as ever Saturday and Newark will not grant Mt. Vernon a victory before the game is played. The Newark team is well balanced, the individuals work well together, and the players are not altogether satisfied that Mt. Vernon possesses the best team.

SODERBLOM TEAM OF COLUMBUS IS BOOKED FOR OCT. 24.

The undefeated McDaniel team, Newark's crack independent football eleven, will play the Soderblom Spoker team of Columbus, at Wehrle Park next Sunday afternoon. A good game is assured. The team has an average weight of 165 pounds but possesses much speed. A number of former Columbus high school stars and college players add speed and strength to the eleven. Newark will play in Zanesville October 31.

WILLARD

MAY MEET FRANK MORAN, WINNER OVER JIM COFFEY LAST NIGHT.

Moran Sends Coffey to the Ropes in the Third Round of a Ten Round Bout in New York.

New York, Oct. 20.—Frank Moran of Pittsburgh, knocked out Jim Coffey, the Dublin giant, in the third round of a ten-round match here last night.

A right hand cross to the jaw in the third round sent Coffey to the floor for a count of five. Apparently helpless, Coffey scrambled to his feet and held on to the ropes. Moran rushed at him and struck him again. The referee then stepped between the men, giving Moran the credit of a technical knockout. Moran weighed 200 pounds, Coffey 201.

The Pittsburgh boxer owed his victory to his superior ring generalship. Coffey was the aggressor at the beginning of the bout, but Moran, conserving his strength, waited for the opportune moment.

Moran got in a hard right to the body at the opening of the third round. At close range he shot two rights and a left to Coffey's face. His next blow was a right to the jaw and Coffey went down after only one minute and 32 seconds of fighting.

By his victory, Moran earned the right to meet Jess Willard, the present holder of the world's championship. It was announced before the fight that Willard would meet the victor.

LEADS ILLINI IN RACE FOR HONORS

Captain Watson of Illinois.

When the Illini entrained for Columbus last week Zupke expected a fairly hard contest because of the number of reverses he expected to have to use. As a result, victory by any margin was acceptable, and even the tie game kept them in the running for first honors. The eleven which confronted the Buckeyes was more or less a make-shift affair and far from the real Illini team.

Zupke's traditional luck in not having men injured seems to have deserted him temporarily, at least, as many players already have been injured and crippled. Last year injuries were as scarce as hen's teeth. Zupke had hoped to be able to make his definite selections for the varsity on the performances against the Buckeyes, but now he will have to wait till after the northwestern battle before he is certain about two or more positions.

APPLIED BY PRESIDENT BAN JOHNSON TO FUTURE POST-SEASON BASEBALL.

American League Prexy Says Touring Team From American League is a Joke.

[ASSOCIATED PRESS TELEGRAM] Chicago, Oct. 20.—The post-season tour of picked teams of the American and National leagues which was to open today in Oshkosh, Wis., will be the last in which American league players will be allowed to take part.

President B. B. Johnson of the American league in making this announcement today, said that the players gathered together to represent the American organization were a "joke team," and that the practice of continuing baseball "half through the winter is an injury to the sport and to the players themselves."

"We will stop this masquerading," President Johnson said, "as there is too much baseball now in the regular season. I am strongly opposed to it. The only way to increase the public's interest in baseball is to reduce the quantity and improve the quality, instead of increasing the quantity and reducing the quality."

"Nothing like a representative team has been picked from either of the major leagues. The one gathered to represent the American league is a joke."

President Johnson said that the present tour was being made without the consent of the National baseball commission, only the consent of the club owners whose players were selected having been obtained.

CHICAGO CUBS SALE RUMORED, THEN DENIED

[ASSOCIATED PRESS TELEGRAM] Chicago, Oct. 20.—Reports from New York that the Chicago club of the National League had been sold by Charles P. Taft of Cincinnati, principal owner of the club, could not be confirmed early today.

Charles Thomas, president of the club, was reported to be out of town. John J. McGraw, manager of the New York Nationals, was said to have engineered the deal for the sale, according to dispatches from New York.

TAFT DENIES IT.

[ASSOCIATED PRESS TELEGRAM] Cincinnati, Oct. 20.—Charles P. Taft, owner of the majority of the stock of the Chicago National league baseball club, denied emphatically here today the report that the club had been sold.

"The Cubs have not been sold," was Mr. Taft's reply to inquiries on the subject.

Where Silence Was Deadly.

Rome is said to have once been saved by the cackling of geese, but silence cost the people of Amyklæ, an ancient Grecian city, their liberty. The report that an enemy was approaching had been spread so often, creating consternation among the inhabitants, and as often proved false, that the authorities finally passed a law forbidding any one to speak of such a thing. All went well for a time, but there came a day when an enemy did appear, a hostile Spartan army. But the citizens of Amyklæ were law abiding. They talked of the weather, of the crops, of the approaching track meet, but never a word did they speak about the approaching army. Everybody obeyed the law, and nobody told the authorities of the impending danger. Thus the city fell an easy victim to the invaders through the faithful obedience of its citizens to the law.

The Bed of Ware.

A famous piece of furniture is the "bed of Ware," which was formerly preserved at the inn called the Saracen's Head, at Ware, England, but removed to Rye House in 1839. It is considered one of the curiosities of England and measures twelve feet square. It is made of oak elaborately carved and is surrounded by a canopy, supported by a lofty headboard and two massive bedposts at the foot. Twelve persons can occupy this bed comfortably at one time.

The bed bears the date 1460, but antiquarians think it is not older than the time of Elizabeth. Some authorities say that it was offered for sale in 1844 and was bid in by Charles Dickens, while others claim that Dickens' offer of \$500 was not considered sufficient and it was bid in by the owner.

The Red Shirt of Italy.

The red shirt, destined to become so famous a symbol throughout Europe, was not at first adopted by Garibaldi for any fantastic or spectacular reason. The English Admiral Ingram says that the red shirt had its origin in stern necessity and that its adoption was caused by the need of clothing as economically as possible the legion that Garibaldi had raised for the liberation of Italy. An offer was made by a tradesman to supply at a reduced price a large stock of red woolen shirts. This offer was eagerly closed on. Before many years had passed the red shirt became the symbol not merely of the legion, but of the new spirit working for the liberation of Italy. — Atlanta Constitution.

Blackberries.

The real greatness of a blackberry is in the eating it fresh from the bush. It does not need sugar and cream. It does not need anything but a thumb and finger and a mouth. The mushy ones that grow big in the shade may be improved by doctoring, but the firm ones of moderate size that grow in the open fields are not susceptible of improvement by human art. We know a man, raised in the country in middle Tennessee, who came back from Oklahoma in his old age just to fill himself once more with blackberries as they grow. Nobody who knows what real blackberries are would think him foolish. A man might almost come back from paradise for a feast like that.—Exchange

HARVARD

LIKE TRUE SPORTSMEN, OFFERS TO WAIVE VIOLATION.

But New Haven School Will Not Change Policy—Election of Captain Postponed.

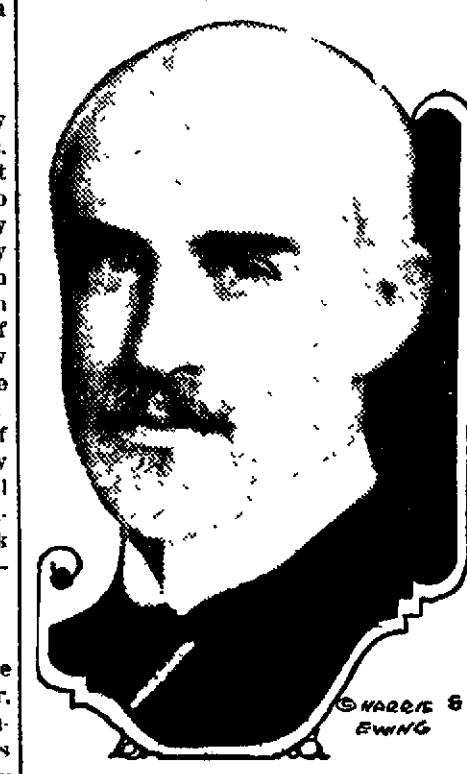

New Haven, Conn., Oct. 20.—The Yale University baseball team, at a meeting yesterday, decided to postpone indefinitely the election of a successor to Captain Milburn, who, with four other players, has been disqualified for violating the Yale eligibility rule concerning the playing of "summer baseball." No explanation of the action was made public. Milburn and the other players promised to aid in coaching the varsity nine this spring.

The disqualification of the players has caused one of the greatest sensations in years at Yale. There were many rumors last night that other players would be declared ineligible, but nothing could be learned from official sources. Press dispatches from Cambridge, indicating that Harvard would be willing to waive the intercollegiate agreement owing to the technical violation were read with interest. It was stated, however, that Yale, having taken its stand would not change its policy.

It was learned on good authority that the five players virtually received permission to play summer baseball from one or more members of the Yale baseball committee.

Legore, the football star, who is one of those disqualified, said last night that he had received offers to play professional baseball but would complete his college course.

Not a line in last night's Tribune regarding the mayoralty situation. There's a reason.

In the list of school board candidates published yesterday, the name of John M. Mitchell was unintentionally omitted. Mr. Mitchell is the East side clothier of the firm Mitchell & Miracle.

Men who have had occasion to sample the bills of fare under the Slabaugh and Swank regimes at the county jail smile grimly at the Tribune's observation about the quality of the menu at the jail under the Slabaugh administration. What about the bread and water diet prescribed by Mayor Bigbee in many instances?

It is said that a well known Republican county official opened up his batteries on a local newspaper yesterday and that after he had finished the quietness of Sunday prevailed. As a consequence not a line could be found regarding the former occupation of the sheriff's office by ex-Sheriff Frank E. Slabaugh, Democratic candidate for mayor.

These are strenuous times for Gen. George H. Hamilton, assistant state fire marshal. His zealous and energetic activities in directing the Republican municipal campaign are to be commended. As long as the taxpayers do not enter any objection to the Colonel drawing his salary as a deputy fire marshal while serving as the director general of the local campaign committee no one has any "kick" coming.

GOVERNOR'S RETURN.

Gov. Willis comes back from his trip to the fair to face this from Youngstown Vindicator: "It cost \$187.50 for engraved invitations for the Willis reception at the Ohio building at the San Francisco exposition. That's a pretty fair sum for engraving in keeping with the dignity of the place and occasion, as the managing director of the Ohio building at the exposition doubtless would observe, but the taxpayers back here in the state wouldn't care to squander even that sum to invite anybody out in California to have a look at the gentleman who holds the record for chicken gizzard consumption at a single sitting."

ASTRONOMICAL EVENTS.

Evening stars: Mercury, Jupiter, Mars, Venus. Morning star: Saturn. Planet Jupiter in conjunction with the moon.

SLABAUGH AND BIGBEE.

The American Tribune after giving two or three double column shots at Mr. Slabaugh seems to have hoisted a flag of truce.

We take no special delight in hammering a fellow when he is down but we can hardly resist this opportunity to repeat that Frank E. Slabaugh's fees as sheriff were perfectly regular and legal and compare most favorably with the fees drawn by the present sheriff, Charles H. Swank. Mr. Slabaugh did actually buy a farm and, perch the thought, he bought a home too!

The American Tribune has ignored the suggestion for light on Mr. Bigbee's business record but we are hoping the paper will at least feel like entering into a discussion of the qualifications of the two men for the office of Mayor of Newark.

FAIRY TALES.

The insidious canards which have been circulated by the Republican campaign managers in various parts of the city, regarding the Democratic candidate for mayor, are having their counter effects. Roorbacks are a thing of the past with the intelligent voter of today. When they were used it was usually the day before election. The absurd and preposterous fabrications which emanate from the Republican campaign headquarters are having just the opposite effect from that intended. These inventions are making votes daily for Frank E. Slabaugh, whose clean method of campaigning is receiving the endorsement of the public in general. Before you believe a campaign story be sure that it's true.

Up to the hour of going to press the Newark city treasury has not received the one dollar which was awarded to the city in the recent Sherwood suit tried in federal court at Columbus. The Sherwood Improvement Company was given damages in the sum of \$16,000 but the jury said a dollar was enough for the city. And the city owns the ground which the federal government seeks to appropriate!

NEXT YEAR'S CAMPAIGN.

Regardless of whom the Democratic nominee for governor in 1916 may be, the result seems duly forecasted. In this connection the Dayton News of Former Governor Cox says: "The attempt of the Republicans in Ohio to ditch Governor Willis will do them no good. They can't swap horses in the middle of the stream of their misfortunes. It was not Mr. Willis as an individual who was responsible for his nomination. He was presented by the Republican party of Ohio."

"The campaign of next year will be fought out on the issue of the bunco game that was worked in Ohio in 1914, and it makes no difference whom the governor presents as its candidate, the result is now written in the minds of the people."

The Brazilian government estimates next year's revenue at \$169,000,000 and expenditures at \$174,254,000.

Scientists have figured that about 36,000,000 babies are born each year, or at a rate of about 70 a minute.

Supt. Hawkins Interviewed On Coming School Election

Great interest in the coming school election exists in Newark, at the same time preserve the best interests of the public registration of men and women, by the general discussion about town and by the inquiries concerning the several candidates. There are nine candidates for school board membership, three of whom are to be elected.

This newspaper will present the facts concerning all of the candidates and will also give every candidate an opportunity to state where he stands upon questions of interest to the schools.

Since rumors are afloat that Superintendent Wilson Hawkins is an issue in the campaign a representative of the Advocate called at the high school building and talked with Mr. Hawkins this morning. The superintendent will not admit that he is an issue and was at first reluctant to grant the interview. The following is a verbatim report of what was said:

Mr. Hawkins, when does your present contract with the Board of Education expire?

"I am serving the last year upon a three year contract," said Mr. Hawkins. "My term will expire at the close of this year."

Will you be a candidate for re-election? was the next inquiry made and to this the Superintendent answered:

"It is not customary to be a candidate for re-election. If my services have been satisfactory the Board of Education will re-elect. I shall rest my tenure of office upon my record of service. I shall not desire re-election unless my services are approved by the Board of Education and the community."

It is rumored that there are some candidates who will oppose your retention as head of the schools or at least not be in harmony with your method of conducting the schools. Is this true, asked the interviewer.

Mr. Hawkins: I do not know. I would not seek a pledge from any candidate. However, a number of candidates have told me that they are in sympathy with my method of supervision and administration.

Will you give the public the names of these men?

Mr. Hawkins: I will not. Candidates may do so if they desire. It is the people's business to elect the school board without suggestion from me.

It is reported that there is opposition to your method of appointing teachers. What have you to say to this?

Mr. Hawkins: I have no doubt but that some folks have been disappointed because either they or their friends have not been appointed. My plan is well understood by the Board of Education. No member of the Board has ever tried to dictate my appointments, and every appointment I have made has had the unanimous approval of the Board members present.

What is your policy when appointing teachers?

Mr. Hawkins: To get the best

teacher for the salary paid, and at the same time preserve the best interests of the public schools. If possible to get teachers who know the traditions and ideals of the schools from the first grade up.

It is circulated that there is a plan to cut down the finances of the schools. Could this be done?

Mr. Hawkins: Not without serious injury to the schools. If our funds are reduced we would have to shorten the school year, drop out certain departments, crowd many children to the teacher, and withdraw the salary scale recently adopted for teachers. If these things were done, than Newark schools would no longer be the pride of Newark. We must not cut down our appropriations, but must have larger appropriations in the near future or the efficiency of the schools will be lessened.

Supt. Hawkins, have you any thing to say about the schools in general?

Mr. Hawkins: If it does not seem like boasting, I should like the public to know that the Newark schools are in excellent condition. The Board of Education has spared no pains in making the buildings comfortable and rooms attractive. We have an excellent corps of teachers and a very faithful one. Our school attendance cannot be beaten in Ohio. Parents are well pleased with the schools. Our schools are recognized all over Ohio and in other states as being first class. Our high school graduates take high rank in all colleges and universities in the central states.

Have you any advice to give to voters, Mr. Hawkins?

Mr. Hawkins: My advice is that they vote for the best men available and trust them to do their duty to the children. It is the voter's business to find out the type of men for whom they vote. No man should be elected with an ax to grind, or who has any motive except to render a high service. He should have convictions of his own and stand upon his own feet. He certainly should not be a tool of any man or set of men.

As the Superintendent was thanked for the interview, Mr. Hawkins said in conclusion:

"You are very welcome and I am glad that the city is so much interested in the public schools. I hope that all voters will visit the schools right away and see something of our work at first hand."

Newark voters will select three members of the school board from among this number: G. W. Avery, C. E. Comer, Jas. K. Dewey, S. W. Haight, Frank L. Johnson, Benj. Hendricks, John M. Mitchell, Benj. Montgomery, C. L. Riley. The three to be elected together with William C. Christian and William E. Miller will constitute the new board of education. Select and elect the three best men.

Watch for the statements and sketches of each candidate in the Advocate next week.

Slabaugh Favors Law Enforcement

A Newark minister of keen perception in talking with the Advocate this morning said that while he is personally favorable to Frank Slabaugh he is inclined to vote for Mr. Bigbee on the ground of Bigbee's record for law enforcement.

Mr. Slabaugh's record for law enforcement during his two terms as sheriff of Licking county is certainly good and the Advocate has Mr. Slabaugh's positive assurance that he as mayor of Newark will enforce all the laws rigidly and impartially.

Under the present liquor law, every saloonkeeper is careful to observe the Sunday and midnight

closing ordinances knowing that the violation of these laws means the revocation of his license. Mr. Bigbee deserves no special credit for the saloonless Sundays in Newark because the saloonkeepers voluntarily have closed their places of business for their own protection.

Frank Slabaugh, the Democratic candidate for mayor, stands for clean government, for law enforcement, for a bigger, a better and a greater Newark. His past record is clean and he can be depended upon to do his full duty. Furthermore, Mr. Slabaugh by training and education possesses the qualifications that a mayor of Newark should have.

When I have ceased to rant and rave, and all my earthly days are spent, I pray you place not on my grave a large and gaudy monument.

All ostentation's doubly vain, when on this world we've closed our eyes; give me a slab, with legend plain: "Beneath this board your uncle lies." For if I've cut some grass on earth, I'll need no marble to proclaim the story of my sterling worth, or to perpetuate my fame. And if I am a false alarm, not worth the room I occupy, no towering shaft can add a charm to my bum record, when I die. A party of the friends of Mrs. George Davis surprised her at her home in Central City on Tuesday, spending the afternoon and evening. The afternoon hours were devoted to sewing and in the evening they were joined by their husbands. Mr. and Mrs. Davis are soon to move to their new home in Newark, and the event was in the nature of a farewell party. The guests were: Messrs. and Mrs. James, A. B. McMullen, H. K. McGinnis, Robert Musselman, Homer Woolard, Homer Proctor, Bert Price, Edward Copely, Hal Jones, Clyde Doughty, Harmon McGinnis, Grover Orr, William Taylor, Misses Mabel and Ethel McGinnis, Rachel Williams, Hilda Foreman, Messrs. William Lees, Howard Taylor and Stanley Marlowe.

Many Newark club women are in attendance at the state meeting of the Ohio Federation of Women's clubs which is being held this week in Toledo and in the report of the nominating committee made Tuesday, Mrs. E. T. Johnson of Hudson avenue, is named as one of the vice presidents recommended for election. It is probable that all the officers nominated will be elected.

Mrs. Johnson as a member has been active in club work in Newark and is a member of the Monday Talks.

The first meeting for the present season of the Tuesday Afternoon Bridge club was held at the home of Mrs. Fred S. Wright in Eddy street on Tuesday afternoon. Mrs. Wright also entertained a number of guests. The souvenirs awarded by the club were received by Mrs. Edwin Besuden and Mrs. Clarence Heisey, while Mrs. George Pickup received the guest trophy.

The guests of the club were: Mesdames George Upson, J. Howard Jones, Robbins Hunter, George Pickup, Anna Hatch, Clark Hatch, Daniel Altshool, Malcolm Baker, Fulton Van Voorhis, Fred Mosteller, Joseph Sprague, Misses Hazel Altshool, Louise Norpell, Bertha Latimer, Mrs. Martin of Columbus, Miss Merion of Columbus, Mrs. Byron Ashbrook of Johnston, and Miss Ewing of Washington.

The club will meet next week with Mrs. Wilson Heisey at her home in Hudson avenue.

Mrs. James Cooper entertained with a bridge party on Tuesday evening at her home in Charles street, out of compliment to Mrs. Trevor Davies. The souvenir for the game was received by Miss Mary Maholin.

Dandruff Surely Destroys The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will steal your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it. You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

THE VALUE OF TRUTH

Truth in business is just as important as truth in every-day life; truth creates confidence, establishes good-will and builds a reliability that will not be wrecked by the storms of competition.

Through three generations people have learned to place reliance on the advertised words of Scott's Emulsion, because they are untarnished, unexaggerated truths about a household remedy of real and actual worth.

The popularity of Scott's Emulsion is increasing as intelligence advances, because in these days of adulterations it continues to guarantee pure cod liver oil medicinally perfected with glycerine and hypophosphites to build strength, improve the blood and strengthen the lungs. It is free from alcohol or opiates—a whole-some food- tonic, truthfully advertised. Scott & Borne, Bloomfield, N. J. 15-2

aged 80, a former Newark resident, died at the home of her daughter, Mrs. E. M. Ayers, in Anesville, Monday evening from the results of a broken hip received one week ago when she fell at her home. Her condition had been critical since the accident and her family, with the exception of one son, John J., of Philadelphia, reached her bedside before death ensued.

Mrs. Kappes had been a resident of Zanesville 72 years and was one of the oldest members of the Pilgrim Evangelical church. She was born in Kaiserlauten, Bavaria, and came to America at an early age. She was married to John Jacob Kappes, Jan. 14, 1856, in Newark, O., he having died in 1886.

Surviving her are the following children: Mrs. E. M. Ayers, at whose home she died; Mrs. Randall Berkshire and William Kappes of Zanesville; Edward P. Kappes of Newark; Earl Kappes of Toledo; John J. Kappes of Philadelphia; Mrs. Frederick G. Dodd of New York City and Mrs. David Foerster of Quary, Colo.

English Conservatism.

Day and night, winter and summer, in all weathers, a tug with steam up is stationed on the Thames at the Tower bridge. It is a floating illustration of the fact that parliament is sometimes—only sometimes, of course—needlessly fussy. When the bill empowering the corporation of London to build the bridge was passing through the house of commons a provision was inserted requiring the stationing of this tug as aforesaid, so as to be handy "in case of wreck." The promoters protested that the cost of the tug would far exceed any benefit to be derived from it. The commons thought they knew better and insisted. The bridge was opened about sixteen years ago, and the tug has cost the city of London £31 per week ever since. Yet its services "in case of wreck" or any other emergency have never once been required.—London Express.

Elijah's Altar.

Obadiah hid "one hundred of the Lord's prophets in a cave." On the west end of Carmel, below the monastery, is a large cavern, partly artificial, where, to increase its sanctity, the holy family are said to have reposed on their return from Egypt. The "Place of Sacrifice" is some eight miles inland along the crest of the mountain, overlooking the Kishon, the whole plain of Esdraelon, Jezreel and the mountains of Galilee. Many churches and nationalities, not to mention individuals, have searched the slopes of Carmel for the exact spot where Elijah "repaired the altar of the Lord," selecting twelve stones from the ruins of the neglected altar. At the urgent request of an English lady who thought of purchasing the site I once made a careful study of the location suggested. While we may never know the exact spot, there is a lovely little plateau not far from the summit which would fulfill every necessity of the narrative and provide a matchless natural theater for this matchless event in history.—Christian Herald.

Wonders of Naval Gunnery.

The fire of a naval gun is directed from the fire control station, a small box on the masts. Here is the range finder, a large telescope pointed at right angles to its object. This telescope consists of a series of mirrors of various sizes and curves, which catch the ships all around and fix them before the eyes of the officer, who can set his lenses so that he can gauge the correct angle by a small calculation and can reckon almost the exact space separating him from his opponent. The information is telephoned to the gunner, who directs the telescopic sight attached to his gun on the desired object. This sight magnifies the size of the opponent and brings its characteristics close to the eye. In the meantime the expert officers in the fire control watch the fall of the shot. Should it miss delicate instruments tell how far the shell was off the target. The correction is made, and the second shot, if not on the spot, comes unpleasantly near.—Pearson's.

No Invulnerable Forts.

It will continue to be physically possible no doubt to build a fort so strong that no shell could penetrate it, whether fired directly at high angles or to fall upon it vertically from the clouds. It would require merely to calculate the force of explosives and the resistance of steel and concrete and make the steel and concrete thick enough. But it may have ceased to be worth while. A fort would still be vulnerable from below ground. Its foundation could not be laid so deep that an enemy might not drive a tunnel under it, and then it would be necessary only to put enough high explosive there to blow the fort away. So perhaps in the future military strategy will adjust itself to the idea that fortifications cannot be permanent, therefore they had better be even more impermanent, serving only as temporary bulwarks against an oncoming enemy.—New York Times.

No Cause For Worry.

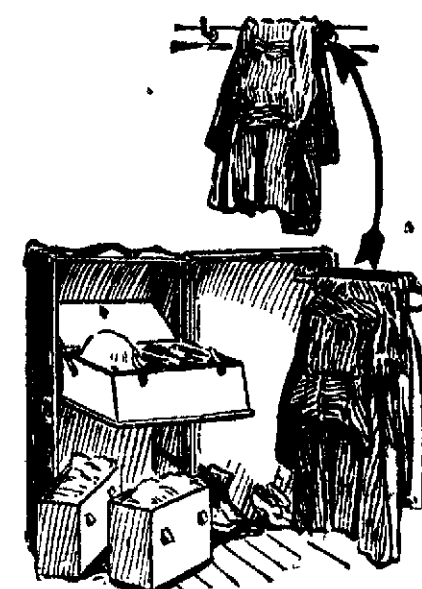

"It's sure enough strange how marriage changes men," commented a Washington heights dweller to a friend who stood with him on a corner. "Now, see that chap entering my apartment house? He's been married only two weeks, and yet—say, do you see what he's carrying? Well, it's a garbage pail for their new flat. Why, if any one had told him three months ago that he'd carry a garbage pail through the street he'd have been ready to fight. I never saw such a—" "All right—all right," the friend interrupted. "Tell me about him next year."

"Why?" "Because he'll be changed back again by that time. Don't worry about the case."—New York Globe.

HARVEST DAY FOR Y. W. C. A. OCTOBER 30TH

Have you ever heard of a Harvest Day? Well, the Young Women's Christian Association proposes to celebrate the old autumn FEAST-OF-PLenty and the year's garnering-time by having a Harvest Day—only the Y. W. C. A. is going to ask its good friends in the country towns and our city to furnish the feast for them!

This thriving home for young girls finds itself, like every family large and small, always in need of food-supplies. So Saturday, October 30, has been set apart as the day to give everyone's generosity a chance to express itself in a contribution to the Y. W. C. A. pantry and cellar. Whatever you can spare from your store of preserves, groceries or farm products—anything that's good to eat, be it fruit or be it meat, cooked food or raw, sour or sweet, all is grist to the Y. W. C. A. mill, and will be most gratefully received at the Y. W. C. A. building on Four h street, Saturday, Oct. 30. Your contribution would not be refused however, if it were to arrive before or after this day.

Rats Spread DEATH

Think of the filth a rat eats and lives in; think of the disease known to be carried by rats.

Then think of the bare possibility of rats coming in contact with food you may eat. Rats will cut their way to flour, meal, meat, vegetables, or any other food. Kill the rats in self defense.

RAT CORN

Is sure death to rats, but harmless to human beings. Dries the rat up without the slightest odor.

Wall Street.
(Associated Press Telegram)
New York, Oct. 20.—Bethlehem Steel's further advance to 510, ten points above its previous record, was the chief feature of today's early market, with some irregularity of prices in other parts of the list.
Gains were made by other specialties, especially those comprising the war group, and U. S. Steel opened fractionally higher. These gains were again offset by moderate reversals in the railways, notably Baltimore and Ohio, New Haven and Rock Island. London's range for international shares was mainly lower, among the few exceptions being Atchafalpa and St. Paul.
Trading was moderately active, but largely professional, the variable tendency of the list reflecting further manipulation. Bethlehem Steel reacted nine points, but American woolen made a new record on its two point rise to 57 1/2. Coppers next claimed speculative attention, particularly Anaconda and Inspiration, and later some of the minor industrials came forward

with gains of 1 to 2 points. United States steel hung around yesterday's close, with the railways, were more reactionary. Bonds were steady.

mission houses were buyers to a fair extent.
Lower prices on hogs brought about a sharp setback in provisions. Much stop-loss selling took place. Imposition of a heavy import duty in France operated later adversely to the bulls. The close was unsettled, 1 1/2 to 1 5/8 at 1 3/4 net lower with December at \$1 04 3/4 and 7-8, and May at \$1 05 5/8 at 3-4. Fine weather tended afterward to induce additional setbacks. The close was nervous at the same as yesterday's finish to 1-2 at 5-8 lower.

The Fire Bag.
The "fire bag" is a relic of the old days of wooden ships. Every whaler and sealer used to carry such a bag. It was of tarpaulin, about one foot in length and six inches in width. It was lined with waterproof material, with interlinings of oilcloth and thick flannel. In this was placed the flint and tinderbox for kindling fire. The bag was then securely fastened with double flaps and tied in such a manner as to keep its contents dry.
It was the duty of the second mate to look after the fire bag, and in case of shipwreck to attach it at once to his person by means of stout straps provided for the purpose. So, if officers and crew were cast away on some deserted shore, the means of obtaining a fire were not wanting so long as the precious fire bag was safe.
The modern steam whalers and sealers carry a fire bag stowed in the lifeboats with the bread and water, but it is of rubber, and contains half a dozen water tight tin boxes of matches.—Philadelphia Press.

Trick of a Collector.
Collectors are—in short, they are collectors. It was a dealer in antiques not long ago who was, or professed to be, in search of new quarters. He inspected an old-time mansion fallen upon evil days. In one room was a carved marble mantel, an imported piece, and he opened negotiations to lease the room which contained it. The lease signed, he told the landlord that he desired a new mantelpiece put in place of the old one. The landlord, of course, demurred.
"If you don't want to put in a new mantelpiece I will at my own expense," replied the collector.
That satisfied the landlord.
The fine marble mantelpiece was accordingly replaced by a cheap and shabby horror and the carved antique carefully taken down and carted to the collector's shop, set up there to admirable advantage and eventually sold to somebody who could afford to pay the very stiff price asked for it. As for the room with its new chimney decoration, the collector calmly contrived to sublet it.—New York Post.

An Unlearned Assist.
"One day while I was watching for the Dallas (Tex.) team," said Claude Berry recently, "a runner on first started to steal second. I pegged toward the base, but our pitcher—Walker—had moved out of the box after he delivered the ball and walked right into the throw."
"The ball hit Walker on top of the head, and as Walker dropped to the ground the ball bounded high in the air. The runner had reached second by that time and, not seeing the ball in play, raced for third. But our shortstop saw the ball, caught it as it came down and whipped it to third in time to put out the runner."
"The official scorer credited three men with an assist. He gave me an assist because I had made the original throw, he gave one to the pitcher because his head had deflected the ball to the shortstop, and, of course, he gave one to the shortstop for making the throw to third."—Exchange.

Two Ways to Put It.
This is how Johnny wrote his composition in the public school class:
"The cow is a good animal. She has two horns and two eyes and gives milk, which is good to drink. She has four legs and eats grass and hay. Some of them are red, and they have long tails."
And this is how the teacher says he ought to have written it:
"The female of the bovine genus is a beneficial mammal. This ruminant quadruped is possessed of corneous protuberances, projecting from the occiput. Her vision is binocular, and she yields an edible and nutritious lacteal exudation. She is quadrupedal and herbivorous, assimilating her food in both the succulent and exalted states. Some of them chromatically correspond to the seventh color of the spectrum, and they are endowed with caudal appendages of exaggerated longitudinality."—Pittsburgh Press.

Sensitive Measurement.
Minute bendings of a steel bar three feet long and three and one-half feet in diameter are accurately measured by a curious but very sensitive device of the United States bureau of standards. The bar, supported at each end, has a small mirror fixed at its center, and above this is a frame holding another mirror partially silvered. As the light of a sodium burner is reflected in each mirror the lower mirror shows a series of black and yellow concentric rings. A very small weight, even that of a pin, deflects the bar and causes the circles to expand outward. Each circle indicates a movement of one hundred-thousandth of an inch, the pressure of a finger, forming five or more new circles, showing a bending of one twenty-thousandth of an inch.

What is Your Blood Pressure?

The age of the 40s is a critical period in every person's life. And one of the most common things that make it critical is increased "blood pressure," with its accompanying "hardening of the arteries."

Scientists have fully proven that increased blood pressure is caused by poisonous deposits in the delicate tissues of the arteries. One of the chief agents in this process is coffee, with its poisonous drug, caffeine.

"A man is as old as his arteries," life insurance companies say, and the Blood Pressure Test is one of the principal factors nowadays in determining a "risk." How do you stand?

If there is any doubt about coffee's hurting—if you have frequent headaches, biliousness, sleeplessness, nervousness, or heart flutter—try a 10 days' change to

Instant Postum

the pure food-drink.

Made of prime wheat roasted with a bit of wholesome molasses, **Instant Postum** contains no caffeine, no cumulative, harmful drug, nothing but the good food values of the cereal.

Postum comes in two forms: The original **Postum Cereal**—must be well boiled, and **Instant Postum**—the soluble form, made in cup instantly.

One of the first steps away from increased Blood Pressure in coffee drinkers is **POSTUM**.

BRYAN MEETING HERE ON MONDAY AT 3 O'CLOCK P. M.

William J. Bryan who will make a tour of Ohio next week will visit Newark on the opening day, Monday Oct. 25. He speaks first at Steubenville, New Philadelphia and Coshocton and reaches Newark at 3 o'clock instead of 4, the itinerary having been changed. From Newark Mr. Bryan goes to Crooksville and will speak at Zanesville Monday night. Tuesday morning he starts his speaking program at Lancaster. The Newark meeting will be at the south steps of the Court House Monday at 3 p. m. Mr. Bryan is to be here an hour.

During the week he is to cover 40 counties and make 42 addresses, debating the wet and dry issues of the campaign and allied issues, which it is supposed will include the effort to restrict the use of the I. & R., of which Mr. Bryan has always been a staunch defender.

STRICKLAND W. GILLILAN

Rummagitis.

'Bout once a year, or oftener, our wife gets started rummaging. Among her many closets and sorters "Mrs. Gummidge-in."

About the way the rest of us don't help keep things in order—It drives her nearly crazy, or just keeps her on the border—That's what she says, half to herself, while she goes diggin' on. An' throwin' this and that away an' sayin', "There! THAT'S gone!"

She finds a lot of things that she was sure the help had stole. But which some careless person had stuffed in some cubby-hole—Then afterwards finds out that she had put it there herself.

One time when she just hadn't time to put it on its shelf—She runs a sort of monologue an' mutters as she trots From closet unto closet, cleanin' up the littered spots.

She seems to think at last that she has got things right, but then We know it won't be long until she does it all again!

Whaddye Know?

"You see, old Smith was next to me in the trenches. Now, the bullet that took me in the shoulder and laid me out went into 'im and made a bit of a flesh-wound in his arm. Of course I'm glad he wasn't hurt bad. But he's stuck to my bullet and given it his girl. Now, I don't

think that's fair. I'd a right to it. I'd never give a girl o' mine a second—and bullet."—Kansas City Star.

Now You Know
The following letter was sent in to our extremely legal friend, and co-conspirator, Mr. Branson. However, as his stenographer could not tell him the answer, he turned it over to you. You see he has only been married once. This is the letter:

"I have only been married a short time, but have already been confronted with the most appalling problem of that blissful state—how should I address my mother-in-law?"

As we have had the good fortune to marry a girl whose mother is stone deaf, we must confess to not having any personal experience to offer. But we cheerfully give the advice of one of our most married friends. He writes this:

"During the first year I was married, I addressed my mother-in-law as 'Say!' My problem was solved for me soon after that. During the second year I always called her 'Grandma.'"

Licking Laundry Co., 1.28
T. B. Mazey, brackets, 2.40
The Cable Co., 350 songs, 12.25
Central Scientific Co., 85.06

The October pay roll for teachers, janitors and employees was allowed.

Mr. Haight stated that the piano in the Woodside school needed repairs and that the work could be done at an estimated cost of \$55. It was allowed.

Two sheets of felt were ordered for the vacuum cleaner in the Woodside building.

Superintendent of Supplies Frank Handel was authorized to buy a truck for the high school building, the same being badly needed for hauling heavy articles and supplies. He also stated that soil was being hauled to the Fifth street school lot which will be laid where the old building stood.

Superintendent Wilson Hawkins stated that he had no report to make and the board adjourned.

MOST PROSPEROUS YEAR EXPECTED IN HISTORY OF ANDERSON ELECTRIC

In a recent interview with Mr. W. C. Anderson, president of the Anderson Electric Car company, he stated that, "At the present time we have already booked orders for nearly 90 per cent of the volume of business we did during the entire fiscal year just finished."

Year after year this company has built and sold more cars than any other manufacturer of enclosed automobiles—either electric or gasoline. This year it became necessary to more than double last year's output in order to meet the demand. Yet even with this increase the daily orders are taxing production to the limit. This situation exists in spite of the fact that an entire new building has been erected for the finishing of the Detroit Electric bodies; in spite of the fact that great batteries of new labor saving machines have been installed and the working force in the Detroit and Cleveland plants has increased to over 1200 men."

Reports from our dealers from every section of the country are invariably optimistic and to my mind it seems certain that this coming year will be more prosperous than any we have ever experienced.

There are three big factors responsible for our greatly increased business, I believe. The first is the gradual trend of the enclosed car buying public toward the enclosed car with its all-year, all-weather capabilities. The second is our marked reduction in prices of from \$600 to \$725 per model—without the slightest reduction in quality. And the third is the fact that we have hit upon the very car the big portion of enclosed car buyers want—not a

cheap car—but the best car cheaper. Judging from the data I have in front of me now I would say that a very conservative estimate of our output for this year would be about 3,000 enclosed automobiles, averaging a little over \$2,000 in price. This number far outstrips the previous sales volume of any other company building enclosed cars—either gasoline or electric.

Yet it would not greatly surprise me if we shattered even this high record.

In my opinion the electric car business is really just beginning to come into its own in a big way. The automobile public is now commencing to wake up to the fact that the electric-powered enclosed automobile is the ideal family car for town and interurban use.

FARMER'S WIFE TOO ILL TO WORK

A Weak, Nervous Sufferer Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Kasota, Minn.—"I am glad to say that Lydia E. Pinkham's Vegetable Compound has done more for me than anything else, and I had the best physician here. I was so weak and nervous that I could not do my work and suffered with pains low down in my right side for a year or more. I took Lydia E. Pinkham's Vegetable Compound, and now I feel like a different person. I believe there is nothing like Lydia E. Pinkham's Vegetable Compound for weak women and young girls, and I would be glad if it could influence anyone to try the medicine, for I know it will do all and much more than it is claimed to do."—Mrs. CLARA FRANKS, R. F. D. No. 1, Maplecrest Farm, Kasota, Minn.

Women who suffer from those distressing ills peculiar to their sex should be convinced of the ability of Lydia E. Pinkham's Vegetable Compound to restore their health by the many genuine and truthful testimonials we are constantly publishing in the newspapers.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Firestone Faith

The Firestone ideas of motor-ing are founded on a belief in the wisdom and common sense of the motorist—and this faith has been justified.

Firestone success has proven that the car owner wants safety, comfort and Most Miles per Dollar. He wants the quality that costs less to use.

The Non-Skid lettering is an imprint of safety. You need it always—but particularly at this time of year. It holds the standard for endurance and economy. The letters prevent spin or skid in any direction, they radiate the heat of road friction, insure perfect traction with gasoline economy, car-protection and maximum comfort. Everywhere experienced motorists praise Firestone performance.

The most widespread disease in the world

The most widespread disease in the world today is that dread affliction of the teeth called pyorrhea. Nine out of every ten grown persons have it to some extent. You may have it and be unaware of it. Why? Because scientists have proved that the cause of this disease is a germ which inhabits every human mouth, and that thousands have this disease and do not realize it until it reaches the advanced stages of bleeding gums and loose teeth.

Accept the advice dentists everywhere are giving and take special precautions in your daily toilet against this disease. To meet the need for such a daily treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the public in the convenient form of Senreco Tooth Paste.

Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Senreco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Senreco Remedial Co., 307 Union Central Bldg., Cincinnati, Ohio.

In Milady's Boudoir

By Gwen Sears

It has become the fashion for every woman to have red lips—ultra red lips at the truth must be told. The telltale little jar of carmine holds a place nowadays on almost every dressing table proclaiming its importance with other cosmetics.

I do not think a desecrated use of cosmetics is morally or physically enervating, but there are times when we see a fashionably dressed woman on the street with lips almost too rosy, so one should be very careful not to overdo in reddening the lips. The mouth that speaks physically well, being, which seems always about to break into a smile, the mouth of healthy rosiest opening over well kept teeth such a mouth has beauty of its own even if its shape is not perfect.

Cold sores are very distressing, as well as painful and no pretty girl enjoys their presence. Their cause is said to be loss of sleep and a fevered condition of the system either from exposure to cold or over fatigue may be the contributory cause.

Sometimes such cold sores leave scars which spoil the outline of the lips. It is never well to touch cold sores, but rather to allow them to heal unmoistened. A little spirit of camphor applied when the first sensation is noticed or a little powdered subnitrate of bismuth will tend to scatter or lessen the irritation and swelling.

The lips are one of the most noticeable features of the face and their care should be the set duty of every woman.

LICKING

Several of our people attended the Lancaster fair last Sunday.

MANY WOMEN TESTIFY.

Columbus, Ohio.—"I was so well pleased with the use of Dr. Pierce's Favorite Prescription that I am glad to endorse it. I was run-down and had female trouble and I doctored with every medicine with no benefit. The 'I Worste Prescription' put me on the road to health. I used seven bottles and this medicine was the means of my recovery. I have been well since, with no return of the trouble. I have recommended this to others who have come back to thank me on account of the benefits they received.—MRS. MARY J. DILLINGHAM, 166 Norwalk St., Columbus, Ohio.

Lancaster, Ohio.—"I have had a test of 'Favorite Prescription' and it proved a very satisfactory medicine. I took it in the spring. I was run-down, tired and worn-out. I used the contents of two bottles and it did all I could expect and more. I felt just fine after I had used it. You may say it is a good tonic and strengthening medicine for women.—MRS. J. W. KLAN, 363 E. Main St., Lancaster, Ohio.

The mighty restorative power of Doctor Pierce's Favorite Prescription speedsily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions—corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, weak and exhausted women.

While Doctor Pierce's Favorite Prescription has done for thousands, it will do for you. Get it this very day from any medicine dealer, in either liquid or tablet form.

Doctor Pierce's Pellets are unequalled as a Liver Pill. Smallest, easiest to take. One box, Sugar coated Pills, a Doz. Cures Sick Headache, Bilious Headache, Irritability, Constipation, Irritability, Bilious Attacks and all derangements of the Liver, Stomach and Bowels.

Every Day Etiquette

When a man is being introduced to a woman should he stand or remain seated? asked Ned.

A man should always stand when introduced to a lady or an introduction.

Your Boys and Girls

In almost every family it occurs with no uncommon frequency, that the young girls and boys look up from their books and shout "Mamma, what does this word mean?" or "How do you pronounce this word?" With few exceptions the mother is too busy to give the question any thought or she does not herself know the answer. The word is therefore overlooked and the child does not benefit by the needed knowledge.

Every boy and girl should be taught to use the dictionary freely and enjoy the pursuit of unaccustomed words to add to his vocabulary. Therefore it is very necessary that a dictionary be kept in a handy place in all homes where there are school children.

HE HAD TO CRAWL UP THE STAIRS

But When James Kagey Used Nerv-Worth He Was Restored to Sound Health.

Before testing Nerv-Worth I had a nervous breakdown. Could not walk with any comfort. Thought I had paralysis. Could not get up stairs only by crawling. Was not able to be up in daytime. Was in bed about half the time during the day. Had pains in my back and shoulders and was tired in the morning when I got up. After taking two bottles of Nerv-Worth I feel very different and can work as well as I did 10 years ago. All pains are gone and my sleep is refreshing. I am now 63 years old and in as good health as the next person.

In my doubt dispelling tears Mrs. James Kagey residing at the time at No. 28 Western Avenue described her happy experience with Nerv-Worth. If the reader is a nervous or a victim of the same road to health is open that Mrs. Kagey traveled. Buy Nerv-Worth at the T. J. Evans drug store, Warden block. Money back if it doesn't help. \$1.00 a bottle—Adv.

FEW FOLKS HAVE GRAY HAIR NOW

Well-known Local Druggist Says Everybody is Using Old-time Recipe of Sage Tea and Sulphur.

Hair that loses its color and falls out or when it turns gray and lifeless is caused by a lack of sulphur in the hair. Our grandmothers used up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful and thousands of women and men who value that even color that beautiful dark shade of hair which is so attractive use only this old time recipe.

Nowadays we get this famous mixture by asking at any drug store for a cent bottle of Worth's Sage and Sulphur Compound, which darkens the hair so naturally so even that nobody can possibly tell it has been applied. Besides, it takes out dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears but what delights the ladies.

Worth's Sage and Sulphur is that, besides beautiful darkening, the hair after a few applications it also brings back the gloss and lustre and gives it an appearance of abundance.

Keep California Raisin Bread In Your Bread Box for the Children

Little folks prefer it to cake—and it's much better for them.

Wholesome as the finest white bread—made doubly delicious with lots of big luscious seeded Sun-Maid Raisins.

It solves the problem of the afternoon hungry-time.

California Raisin Bread Made With SUN-MAID RAISINS

You will like this Raisin Bread because it is made with this kind of raisins

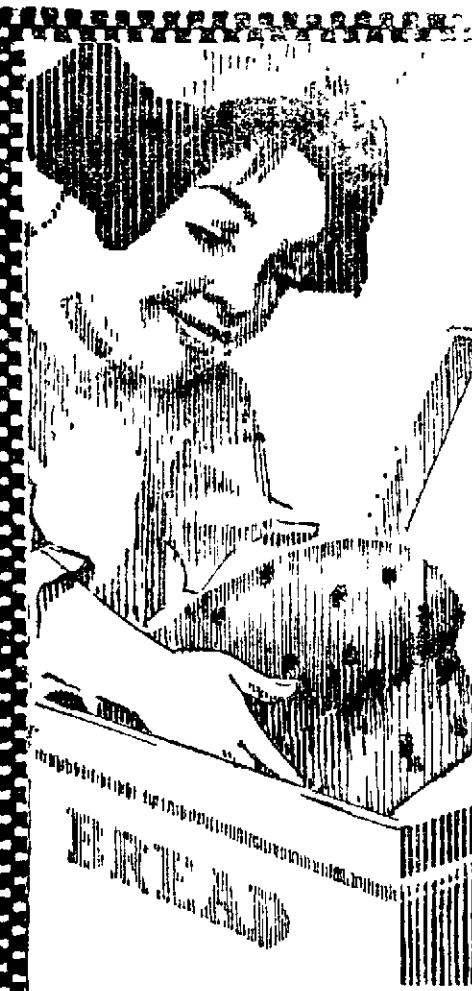

Made from the most delicious grapes grown—California white grapes—too thin skinned and tender to ship. The bright California sun cures them in the open vineyard—removing the water and leaving every bit of nutrition in unchanged form. Such raisins as these are worth seeking.

Seeded (large raisins with seeds extracted); Seedless (made from seedless grapes); Cluster (choice bunches on stems, not seeded). At your grocers' in one-pound packages.

**Three Were Taken to Institution at
Same Time Suffering With Ty-
phoid Fever.**
A very sad death occurred this
morning at 12:30 o'clock at the City
hospital when Leslie Brooks died af-
ter an illness of a little over two
weeks with typhoid fever. Only a
few doors away in the same hospital,
his mother Mrs. Jennie Brooks, and
a brother Lloyd, are ill of the same
disease, the three having been taken
there at the same time. The latter
two today are reported as improving
nicely and on the road to recovery.

Leslie Brooks resided with his pa-
rents, Mr. and Mrs. William Brooks,
five miles north of this city. He
would have been 22 years of age on
the first of next February. He was
a young man universally admired
and respected by all who knew him
and his early taking away will be
regretted by a legion of friends and
acquaintances. He is survived by his
parents and three brothers and one
sister, Lee, Lloyd, Lawrence and
Lucile. The funeral will take place
from the home Friday morning at 10
o'clock.

GOVERNMENT
WINS FIRST
LEGAL POINT

NEW HAVEN DIRECTORS PLEAD
IN VAIN THE STATUTE OF
LIMITATIONS

And Evidence of Conspiracy Prior to
1912 Will be Given to
Jury.

(ASSOCIATED PRESS TELEGRAM)

New York, Oct. 20.—Attorneys for
the defense in the trial of the eleven
directors of the New York, New
Haven and Hartford railroad under
the Sherman anti-trust law, cost a
legal battle at the outset of the in-
troduction of the government's first
evidence in the case today. They
set up the statute of limitations
against the consideration of evidence
having to do with acts committed
prior to 1912, until acts committed
within the subsequent three year
period, were first placed before the
jury.

Judge Hunt, after the attorneys
had fought for more than an hour
to persuade him of the merits of
their contention ruled against them.
He held that the government was
entitled to present the prima facie
evidence that a conspiracy existed
from the beginning, and that if such
was proved to the satisfaction of the
jury, they would then judge the
guilt of the defendants from the
time they entered the conspiracy in-
sofar as their acts led up to the
three year period.

Charles S. Mellen, former presi-
dent of the New Haven, awaited to
be called as a witness for the gov-
ernment, was an interested listener.
Mr. Mellen had a seat near several
of the defendants against whom he
is to testify and by whom he was
created with every evidence of cor-
diality when he entered the court-
room.

Documentary evidence was being
introduced when the morning ses-
sion adjourned, but it was expected
that Mr. Mellen would take the stand
some time in the afternoon. The
government had more than two thou-
sand exhibits which it desired to
have marked in evidence.

The government expects to build
up around Mellen's evidence the
whole story of the alleged manipu-
lation of the New Haven's combina-
tion of many railroad and steam-
ship lines.

Before court opened Mr. Mellen
conferred with Mr. Betts and Frank
L. Swacker, the federal attorneys.
As he entered the courtroom sev-
eral of the defendants against whom
he is to testify rose to shake his
hand and until the appearance of
Judge Hunt, the former president of
the road was the center of a laugh-
ing group.

Arthur Clark, secretary of the
New Haven road, was then called
and the government began the in-
troduction of documentary evidence
which included minutes of the meet-
ings of the New Haven directors.

COLLISION OF
CARS IS CAUSE
OF EXPLOSION

(ASSOCIATED PRESS TELEGRAM)

Butte, Mont., Oct. 20.—Among
the theories advanced here today for
the explosion of approximately 650
pounds of giant powder yesterday at
the mouth of the Granite mountain
shaft of the North Butte Mining
company's property here,
caused the death of 17 men and the
injury of a half dozen more, was
the breaking away of a surface tram
car loaded with lumber and its
crashing into the boxes of blasting
powder. The car and lumber were
found near the wrecked shaft. This
theory finds credence among many
of the miners, but its truth is not
admitted by the mine officials.

In Milady's Boudoir

By Gwen Sears

It has become the fashion for every woman to have red lips—ultra red lips if the truth must be told. The telltale little jar of carmine holds a place nowadays on almost every dressing table, proclaiming its importance with other cosmetics.

I do not think a discreet use of cosmetics is morally or physically enervating, but there are times when we see a fashionably dressed woman on the street with lips almost too rosy, so one should be very careful not to overdo in reddening the lips. The mouth that speaks physical well being, which seems always about to break into a smile; the mouth of healthy rosiest opening over well kept teeth such a mouth has beauty of its own, even if its shape is not perfect.

Cold sores are very disfiguring, as well as painful and no pretty girl enjoys their presence. Their cause is said to be loss of sleep, and a fevered condition of the system, either from exposure to cold or over fatigue, may be the contributing cause.

Sometimes such cold sores leave scar which spoil the outline of the lips. It is never well to touch cold sores, but rather to allow them to heal unmoistened. A little spirit of camphor applied when the first sensation is noticed, or a little powdered sublimate of bismuth, will tend to soothe or lessen the infection and swelling.

The lips are one of the most noticeable features of the face, and their care should be the serious duty of every woman.

LICKING

Several of our people attended the Lancaster fair last Saturday.

Mr. and Mrs. R. L. Black and children, Mr. and Mrs. Otto Thorp and children spent last Sunday with relatives near Worthington. Mrs. Thorp will remain with her sister, Mrs. Harold McCall, until next Thursday.

The Ladies Circle met at the home of Mrs. Charles Kochendorfer last Thursday afternoon with a good attendance. They were royally entertained with a select reading by Mrs. Kochendorfer, after the business session. The guests were Mrs. C. N. Harford of Granville, and Messrs. Charles Cunningham, Ralph Adams, T. E. Cain, Mrs. Brookover, Mrs. Brooks, all of that vicinity. Refreshments were served.

Mr. John Vickers and Miss Wahneta Sayers spent Sunday afternoon at the home of Gertrude Black.

Mr. Charles Harter has traded his automobile and is now sporting a new machine.

Mr. and Mrs. Joseph Webster and Miss Virgie Sutton of Columbus spent last Sunday at the home of their aunt, Mrs. S. T. Buckland.

Mr. and Mrs. George Henderson of Warsaw, Ind., spent Sunday afternoon at the home of Mr. and Mrs. S. T. Buckland.

The Willing Workers of this place under the supervision of the Ladies Circle, will hold a market in Hebron on Wednesday before Thanksgiving.

Mrs. Johnson and Mr. Bennett of near Worthington spent Sunday at the home of Mr. S. T. Buckland.

Mr. Joe Voorhees and daughters of near Hebron called at the S. T. Buckland home last Sunday afternoon.

Miss Tetta Buckland is spending a few days with her sister, Mrs. Dr. Embrey at Pleasantville.

Mr. Charles Harter and family attended church at Baltimore last Sunday and ate dinner at the home of his sisters in Thurston.

Mrs. Blaney and daughter, Mrs. Ed Frisbie of Hebron, attended Sunday school and church at this place last Sunday morning.

MANY WOMEN TESTIFY.

Columbus, Ohio.—"I was so well pleased with the use of Dr. Pierce's Favorite Prescription that I am glad to endorse it. I was run-down and had female trouble and I doctored with several medicines with no benefit. The 'Favorite Prescription' put me on the road to health. I used seven bottles and this medicine was the means of my recovery. I have been well since, with no return of the trouble. I have recommended this to others who have come back to thank me on account of the benefits they received."—MRS. MARY J. DILLINGHAM, 136 Norwick St., Columbus, Ohio.

Lancaster, Ohio.—"I have had a test of 'Favorite Prescription' and it proved a very satisfactory medicine. I took it in the spring. I was run-down, tired and worn-out. I used the contents of two bottles and it did all I could expect and more. I felt just fine after I had used it. You may say it is a good tonic and strengthening medicine for women."—MRS. J. W. KEAN, 363 E. Main St., Lancaster, Ohio.

The mighty restorative power of Doctor Pierce's Favorite Prescription specifically causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women.

What Doctor Pierce's Favorite Prescription has done for thousands it will do for you. Get it this very day from any medicine dealer, in either liquid or tablet form.

Doctor Pierce's Pellets are unequalled as a Liver Pill. Smallest, easiest to take. One tiny, sugar-coated Pellet cures Cures Sick Headache, Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the Liver, Stomach and Bowels.

25 Years Ago

(From Advocate, Oct. 20, 1890.) Mrs. L. D. Bartholomew and son Clyde are visiting in Columbus.

Miss Ella May Lindy celebrated her birthday anniversary at her home in Lawrence street.

Frank Downey is in possession of a remarkable blue jay, which like a mocking bird, imitates all the birds it hears.

Miss Emma Kochendorfer is visiting in Bridgeport.

15 YEARS AGO TODAY.

(From Advocate, Oct. 20, 1900.) Henry Brown, a teamster, who lives in the North End, had one of his legs badly injured in a runaway accident today.

Postmaster J. M. Ickes is ill with typhoid fever.

Frank Miller of Utica is erecting a large addition to his stock farm. Jim Lusk of Newark is doing the work.

Mr. S. P. Wilson, night watchman at the electric railway power house, was severely injured last night by a heavy door falling on him.

Mrs. J. A. Donahue and little daughter Marie of Utica, are visiting relatives in Newark.

Every Day Etiquette

"When a man is being introduced to a woman should he stand or remain seated?" asked Ned.

"A man should always stand through the formality of an introduction," answered his father.

Your Boys and Girls

In almost every family it occurs with no uncommon frequency, that the young girls and boys look up from their books and shout: "Mamma, what does this word mean?" or "How do you pronounce this word?" With few exceptions the mother is too busy to give the question any thought or she does not herself know the answer. The word is therefore overlooked and the child does not benefit by the needed knowledge.

Every boy and girl should be taught to use the dictionary freely and enjoy the pursuit of unaccustomed words to add to his vocabulary. Therefore it is very necessary that a dictionary be kept in a handy place in all homes where there are school children.

HE HAD TO CRAWL UP THE STAIRS

But When James Kagey Used Nerv-Worth He was Restored to Sound Health.

"Before testing Nerv-Worth I had a nervous breakdown. Could not walk with any comfort. Thought I had paralysis. Could get up stairs only by crawling. Was not able to be up in daytime—Was in bed about half the time during the day. Had pains in my back and shoulders and was tired in the morning when I got up. After taking two bottles of Nerv-Worth I feel very different and can work as well as I did 10 years ago. All pains are gone and my sleep is refreshing. I am now 63 years old and in as good health as the next person."

In these doubt-dispelling terms Mrs. James Kagey, residing at the time at No. 28 Western avenue, described her happy experience with Nerv-Worth. If the reader is a nervous-debilitated victim the same road to health is open that Mrs. Kagey traveled. Buy Nerv-Worth at the T. J. Evans drug store, Warden block. Money back if it doesn't help. \$1.00 a bottle.—Adv.

FEW FOLKS HAVE GRAY HAIR NOW

Well-known Local Druggist Says Everybody is Using Old-time Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre or when it fades, turn gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Keep California Raisin Bread In Your Bread Box for the Children

Little folks prefer it to cake—and it's much better for them.

Wholesome as the finest white bread—made doubly delicious with lots of big luscious seeded Sun-Maid Raisins.

It solves the problem of the afternoon hungry-time.

California Raisin Bread Made With SUN-MAID RAISINS

You will like this Raisin Bread because it is made with this kind of raisins

Made from the most delicious grapes grown—California white grapes—too thin skinned and tender to ship. The bright California sun cures them in the open vineyard—removing the water and leaving every bit of nutrition in unchanged form. Such raisins as these are worth seeking.

Seeded (large raisins with seeds extracted); Seedless (made from seedless grapes); Cluster (choice bunches on stems, not seeded). At your grocer's in one-pound packages.

The Secret of Restful Sleep

Is complete relaxation. To sleep peacefully, comfortably and what's more important, to wake up entirely rested, requires sleeping wear made plenty full and scientifically sized.

Wear Brighton Carlsbad Sleepingwear

And you'll never feel the cold at night. You can open wide your windows and you'll awake in the morning more refreshed than ever, after having enjoyed a good sound sleep. This sleeping wear is scientifically designed, that's why it's so comfortable. Made of heavy cotton material, so soft it will not irritate the most tender skin—all garments cut full size and neatly finished with felled seams throughout, and buttons of the first grade.

Come in and see our assortment of this modern sleeping wear for men, women and children. It includes gowns for ladies', misses' and children, gowns with foot pockets and detachable helmets, pajamas, for both ladies and men, one piece sleeping suit with belt at waist for ladies' and men, children's sleeping garments.

It will be a pleasure for us to show you our assortment. We mention a few—

Ladies' Gowns 88c Each

These are beautiful gowns, warm and fleecy. Four styles to select from. A slip-over gown in white with braid trimmings in either white, pink or blue. A button front style in all white with braid trimmings. Two styles in colored gowns in light grounds with pink and blue stripes. One with collar, open front with large frog fastening. The other without a collar and made with large Raglan sleeve. Ask to see these splendid gowns at—each . . . 88c

Ladies' Gowns 50c Each

These are excellent gowns, cut full size and nicely tailored. Button front styles in all white or light grounds with pink and blue stripes. A good line of colors offered at—each . . . 50c

Misses' Gowns 50c Each

These are in sizes for girls from 10 to 14 years of age. Both white and colors in styles either with or without collars. Each . . . 50c

The Little Ones Will Like Sleeping Garments

These are made of the same warm fleecy flannel, and are made with the feet a part of the garment, so there is perfect protection from the cold. These button down the front and have a pocket on one side. Sizes for children from 2 to 10 years. Each . . . 50c

THE MEN WHO SLEEP OUT OF DOORS will like the outdoor sleeping garments, made with hood which can be detached, and with pockets for the feet. Price—each . . . \$1.50

HEAVY OUTFITTING NIGHT SHIRTS WITH FOOT POCKETS—Each . . . \$1.00

OUTFITTING NIGHT SHIRTS 50c, 75c AND \$1.00 EACH — These are shown in both white and colors, in styles with or without collars. All sizes. Each . . . 50c to \$1.00

Protect Your Little Ones At Night With the Improved Dr. Denton Sleeping Garments

It's the only perfectly hygienic sleeping garment for children. Made of Dr. Denton knit, merino fabric, neatly finished and made especially for children who give their night clothes hard wear. It is soft, durable and elastic in texture, and launders easily without shrinking. It's made in drop seat style, with feet a part of the garment, and cuffs that can be tied down over the hands. For boys and girls from 1 to 10 years of age. Prices range . . . 65c to \$1.10

EXTENSIVE

BUILDING OPERATIONS IN CITY OF NEWARK DURING THE PAST YEAR.

Dozen Large Structures, Costing Considerably Over \$300,000 Completed Recently.

Regardless of the cry of hard times and the shortage of work for wage earners, building operations in Newark during the past year have been extensive. A dozen buildings erected in the business district, or improvements made, total more than \$300,000. Besides these, several important structures have been erected by industries which not only add to the amount expended for improvements, but furnish additional employment for Newark wage earners.

The following buildings and improvements have been or will soon be completed in the downtown district in the past year.

Masonic Temple	\$125,000
Pythian Castle	65,000
Home Bldg. Asso. Co.	50,000
People's Market	35,000
Hunter - Baker - Christian Building	21,000
Standard Oil Co.	11,200
Arvada Hotel Addition	15,000
Ruggs Hotel Co.	10,000
Burrell Bldg.	8,000
Rutledge Bros.	10,000

Total . . . \$350,200

The Standard Oil company's improvement is located in South Williams street, opposite the Jewett Car company's plant, and consists of two substantial brick buildings with numerous large storage tanks for oil and gasoline.

The Ruggs Hotel company has built a large addition to its factory in Kibler avenue which besides adding to the value of property, furnishes employment to many more men.

This list does not include all the buildings erected by any means. Numerous residence properties have gone up during the past summer and most of them have been more than mere dwellings. Much of the residence construction has been in the Ruggland addition and the Jefferson Park addition where numerous dwellings have been erected. Eli Hall is building sixteen splendid fireproof dwellings in West Newark.

Music

One of the great opportunities that comes into the lives of rich men and women, is that of encouraging the development of the finer qualities in themselves as well as in those not so fortunately endowed. Musical genius has in many cases been throttled in its adolescence, by the stern hand of poverty, which prevented its growth to maturity.

Charles G. Dawes, former comptroller of the United States treasury, and a brother of Benjamin G. Dawes, formerly of Newark, is one of those men of means, who is also a patron of the most cultured of all arts, music, and is never too busy with his multitudinous business affairs to aid in the development of latent musical talent.

Mr. Charles Dawes is himself well known in Newark. The following announcement taken from the Chicago Herald is self-explanatory:

"Charles G. Dawes has offered a prize of \$200 for the best performance of the Cecil Burrell concert in B minor for violin with orchestra, the winner to be presented in concert on March 2, 1916, at Orchestra hall. The orchestra will be the new American Symphony orchestra, Glenn Dillard Gunn, conductor. The conditions of the competition are as follows:

"The candidate must be under 30 years of age, and, if of age, an American citizen.

"The candidate must have received his entire training in this country.

"The entrance fee of \$5 must be paid by all desiring to compete, the fund resulting therefrom to be applied to the expenses of the contest.

"The contest will be held in Chicago, between Feb. 15 and 20, 1916, the exact date to be named later.

"In the preliminary contest, all candidates will play behind a screen and will be known to the judges by number only. No judge may be represented by candidates in the contest. Glenn Dillard Gunn, 518 Pine Arts building, Chicago, will receive the entrance fees."

Many thousands of people know that Pasquale Amato, who is to appear in Columbus with Marcella Craft, at the opening concert of the Quality series Oct. 29, in Memorial hall, is the greatest living baritone, but few are aware of the fact that, at one time in his early career he and his brave wife went hungry in order that their baby might have nourishing food. This was for a considerable part of 1900 and to 1902, soon after Amato had graduated from the conservatory of music at Naples. It was in 1900 that the now great artist of New York's Metropolitan Opera Company made his first appearance in

HAS THE CAKE WALK COME BACK?

The cake walk would seem to have come back for another run, to judge from the hit it made with the brilliant troupe at a Chicago hotel the other night. Miss Wilma Wynn, the little southern girl who less than three years ago went from her North home in quest of a career, directed the dance. In an exhibition number with John Clay, Miss Wynn attempted the old fashioned "cake walk, and from that moment until the close of the evening's festivities nothing but this style of dance was in order.

Can Be Greatly Relieved by the New External Vapor Treatment.

Don't take internal medicines or habit-forming drugs for these troubles. Vick's "Vap-O-Rub" Salve is applied externally and relieves by inhalation as a vapor and by absorption through the skin. For Asthma and Hay Fever, melt a little Vick's in a spoon and inhale the vapors, also rub well over the spinal column to relax the nervous tension. 25c, 50c, or \$1.00.

OUCH! LAME BACK. RUB LUMBAGO OR BACKACHE AWAY

Rub pain right out with small trial bottle of old, penetrating "St. Jacob's Oil."

Kidneys cause Backache? No! They have no nerves, therefore can not cause pain. Listen! Your backache is caused by lumbago, sciatica or a strain, and the quickest relief is soothing, penetrating "St. Jacob's Oil." Rub it right on your painful back, and instantly the soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of St. Jacob's Oil from your druggist and limber up. A moment after it is applied you'll wonder what became of the backache or lumbago pain.

Rub old, honest "St. Jacobs Oil" whenever you have sciatica, neuralgia, rheumatism or sprains, as it is absolutely harmless and doesn't burn the skin.

TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat If You Feel Backachy or Bladder Troubles You—Salts Is Fine for Kidneys.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night. To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.
